PHOTOGRAPHIC INTELLIGENCE MEMORANDUM  
KIANGNAN NAVAL DOCKYARD, SHANGHAI, CHINA

The Kiangnan Naval Dockyard occupies approximately eighty acres on the west bank of the Huang-P'u River in the southeast section of Shanghai (31°11'44"N-121°29'00"E). The dockyard provides facilities for the construction and repair of merchant and naval vessels. A training school, an arsenal, and a supply depot are also included within the dockyard area.

A study of aerial photography reveals an expansion of building facilities in the dockyard area since [REDACTED] (Figure 1, Plan of the Kiangnan Naval dockyard). Damaged buildings have been reconstructed. Additional buildings have been constructed especially in the area to the east and north of the drydocks.

25X1D

Harbor: An anchorage area exists off the Kiangnan Naval Dockyard. There are at least eight mooring buoys in midstream.

Landing Facilities: There has been no apparent change in the Naval dockyard wharf and docking facilities since [REDACTED] Approximately 1550 feet of floating wharf and dock facilities are available.

Drydocks: Three drydocks are available for ship construction and repair work. Drydock No. 1 is [REDACTED] drydock No. 2 is [REDACTED]

25X1D

25X1D

Slipways: An area 780 feet by 325 feet is used for slipways. There are a minimum of twelve ship-building ways ranging from 200 feet to 600 feet in length. Twenty-seven stiff-legged derricks serve the ship-building ways.

Buildings: Buildings in the Naval Dockyard and in the areas immediately adjacent to the east and west are shown on the attached overlay. The identity of the buildings is based on CIA Document [REDACTED] - Supplement 1 and the analysis of vertical aerial photography. The purpose and size of the buildings are as follows:

25X1A

<u>Building No.</u>	<u>Purpose</u>	<u>Size(in feet)</u>
1	Shop or storage building	80 X 60
2	Shop or storage building	50 X 50
3	Shop or storage building	70 X 35
4	Shop or storage building	70 X 35
5	Barracks type building	[REDACTED]
